

## Setting Sail for a Greener Future with Renewable Energy Skills for all

### THE PROJECT HAS STARTED!

Project Number: 2024-1-FR01-KA220-VET-000251591

### ABOUT THE PROJECT

GreenerShip is a European initiative designed to foster sustainable entrepreneurship and advance gender equality within the Renewable Energy sector and vocational education (VET). By combining innovative training resources with strategic collaboration between education and industry, GreenerShip empowers individuals to actively contribute to the green economy.

The project will deliver **two comprehensive curriculum frameworks** aligned with EQAVET standards, featuring:

- 6 modules on green skills development, and
- 4 modules focused on gender equality in the green sector.

**Target groups of the project:** VET teachers and trainers, Green entrepreneurs, Students and trainees, Businesses, chambers of commerce, Industry stakeholders, Policy makers, Educational authorities.

### WHO ARE THE PARTNERS?

**UCE- FR:** association-head of a national network of business creation; it brings together 54 "couveuse" incubators throughout France and in the overseas departments.

**CDE PP-FR:** cooperative company, dedicated to business creation, acting as a social incubator and supporting the economic and social development of the territories in which it is established: Marseille, Toulon and French Guadalupe.

**ANAX ENERGY- GR:** SME, exploring and developing renewable energy sources, with an emphasis on wind and solar projects.

**Fifty-Fifty-GR:** NGO with considerable experience in the field of Education & Training, promote lifelong learning and initiatives of transnational aspects specifically addressed to young people, adult, learners and professionals, through non-formal education.

**Grm Novo mesto - center biotehnike in turizma-SI:** public body biotechnology and tourism education center comprising secondary schools and a vocational college.

**AARHUS UNIVERSITET- DK:** Business Development and Technology (BTECH) department's focus is on research and educational excellence.

### KICK-OFF MEETING

The project officially took off with our first meeting in Marseille on 16 January 2025.

The main focus was on preparing the project work plan.

With the creation of the comprehensive curriculum frameworks, we successfully took the first steps towards achieving our goals.
